

Literacy Starter – Editing a passage

Editing

Editing your written work is one of the most important skills in Secondary School. Often students lose marks due to careless errors, not because they don't know the grammar rules or because they can't use punctuation correctly.

The most common errors are failing to use capital letters for Proper nouns and to start sentences, missing words, incorrect use of commas and full stops, tenses and spelling mistakes.

Task-

Correct the following passage-

felix run down the path toward the wall he stoped suddenley when he herd the crack of the gunshot the littel girl stand cryin over her lifeless mother on ground

felix was shocked and upset and went quiet and a tear started to form in his eye and he was sad.
