Holocaust Webquest

Your task is to research the Holocaust using the weblinks provided. As you peruse these sites, please use dots points to fill in the research grid below (complete the research grid in either your exercise book OR on your iPad in the Pages app.). We will collate and discuss our discoveries at the end.

*Important note. Some of the information you find may be quite upsetting. If you feel a bit sad or shaken, have a 'time-out' and talk to a friend or your teacher about how you're feeling and take some deep breaths. It's human to feel distressed by inhumanity – just work within your personal limits.

What (Define the Holocaust in your own words)	When (When did it occur – be specific)	Where (The Holocaust affected many European countries – which ones?)	Who (Who was affected by the Holocaust?)	Why (How was it justified? By whom? For what purposes?)	How (How could this have happened – what do YOU think?)
